Children's Privacy (Age 18 and Under)

The Scarborough 350th Anniversary Committee (the Steering Committee) and the Town of Scarborough (the Town) takes children's privacy seriously. The Steering Committee does not seek to collect personal information about children through its Web site. The Steering Committee requests that children under the age of 18 seek parental approval to communicate through our web site.

If we become aware that a person submitting personal information to us through any part of our Web site is a child, we delete the information as soon as we discover it and do not use it for any purpose, nor do we disclose it to any other third parties.

Since we do not seek to collect any personal information about children, and we delete any information collected inadvertently as soon as we discover that a child has submitted it, we typically retain no information about children that could be reviewed or deleted. If a parent requests review or deletion of information about their child before we have discovered and deleted the information, then we will of course honor that request.
