Dear offeror,

This letter is to inform you that we have awarded Gawron/Turgeon Architects the contract to provide Architectural and Engineering design services for our Public Safety Building Expansion project. Gawron/Turgeon has been employed successfully by the Town of Scarborough on numerous occasions and is based here in Scarborough. We feel for this project to be successful and gain approval from the voters, employing a local firm with the qualifications Gawron/Turgeon possess is a good start.

I would like to thank you for your interest in doing business with the Town of Scarborough. We are one of the fastest growing municipalities in Southern Maine and I will not hesitate to contact you as other projects of this nature are planned. I wish you the best in 2007 and beyond.

Please do not hesitate to contact me if you would like any further information regarding our selection. I will do my best to provide you with any non-proprietary information available.

Best Regards

Keith Matherne
