

INVITATION TO BID NUMBER 042012

RETURN THIS BID TO:

**Attention ITB #042012/PLOW TRUCK
CAB AND CHASSIS
PO Box 360
259 US Route One
Scarborough, ME 04070-0360**

THIS IS NOT AN ORDER

DATE ITB ISSUED: 06/14/11

ITB TITLE: PLOW TRUCK CAB AND CHASSIS FOR DEPARTMENT OF PUBLIC WORKS

SEALED BIDS MUST BE SUBMITTED TO THE PURCHASING AGENT, TOWN CLERK'S OFFICE, OR DELIVERED TO THE OPENING LOCATION AND MUST BE TIME AND DATE STAMPED BY THE PURCHASING AGENT or HIS DESIGNEE PRIOR TO THE **BID OPENING ON JULY 12th, 2011 AT 1:00PM** AT WHICH TIME THEY WILL BE PUBLICLY OPENED.

OPENING LOCATION: Town of Scarborough, Town Hall, located at 259 US Route One Scarborough, ME 04074 in the Town Manager's Conference Room, Main Level.

F.O.B. POINT: FINAL DESTINATION

EMAILED AND/OR FAXED BIDS WILL NOT BE ACCEPTED.

LATE BIDS WILL NOT BE ACCEPTED.

ALL QUESTIONS REGARDING THIS ITB SHOULD BE DIRECTED TO KIM MASSA, PURCHASING ADMINISTRATIVE ASSISTANT, at (207) 730 4083 or kmassa@ci.scarborough.me.us. THE PREFERRED METHOD IS VIA EMAIL.

IMPORTANT NOTICE: If you received this solicitation from the Town's web site, you must register with the Purchasing Office to receive subsequent amendments.

TOM HALL
TOWN MANAGER

CONTRACT INTENT: This Invitation to Bid (ITB) is intended to result in the purchase of ONE (1) Cab and Chassis as specified for the Department of Public Works. This bid is part of a separate bid (ITB 052012) for Plow Gear to which the aforementioned Cab and Chassis will receive upon delivery. Please refer to ITB 052012 for details.

NOTICE OF INTENT TO AWARD: After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. It lists the name of each company or person that offered a bid and the price they bid. It may also provide notice of the Town's intent to award a contract(s) to the bidder(s) indicated. A copy of the Bid Tabulation will be mailed to each company or person who responded to the ITB. Bidders identified for award are not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the Purchasing Agent. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the Purchasing Agent does so without a contract and at their own risk.

PAYMENT FOR TOWN PURCHASES: Payment for agreements for the undisputed purchase of goods or services provided to the Town of Scarborough, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later.

FEDERAL EXCISE TAX: The Town of Scarborough is exempt from all Federal Excise Tax.

STATE SALES TAX: The Town of Scarborough is exempt from all State of Maine Sales Tax.

SHIPPING DAMAGE: The Town will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination within the Town of Scarborough. The Town will provide the contractor with written notice when damaged goods are received. The Town may choose to deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

INDEMNIFICATION: The contractor shall indemnify, hold harmless, and defend the Town from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the Town for a claim of, or liability for, the independent negligence of the Town. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the Town, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Town", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Town's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

INSURANCE: Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the Town shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the Purchasing Agent prior to beginning work and must provide for a 30-day prior notice of cancellation, non-renewal or material change

of conditions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services.

Proof of insurance is required for the following:

The contractor shall furnish proof of adequate insurance coverage of the types, and to the limits, specified below. Certificates of such insurance shall be filed with the Purchasing Agent within five (5) days following notification of the Bid Award.

WORKERS COMPENSATION:

The Contractor shall purchase and maintain during the life of this Contract Workers Compensation Insurance for all employees employed in the course of performing services under this Contract as awarded pursuant to these Specifications; and in case any work is sublet, the Contractor shall require the Sub-Contractor to similarly provide Worker's Compensation Insurance for all of the latter's employees, unless such employees are covered by the protection afforded the Contractor. In case any class of employees engages in hazardous work under the Workman's Compensation Statute, the Contractor shall provide adequate coverage for the protection of employees not otherwise protected. All coverage to be in accordance with State of Maine laws in effect and the requirements of the Industrial Accident Commission.

LIABILITY INSURANCE:

The Contractor shall carry and maintain, until final written acceptance of the work by the Town, insurance as specified below and in such form as shall protect the Town of Scarborough and its employees and officials from all claims and liability for damages and bodily injury including accidental death and for property damage which may arise from operations under this Contract. The Contractor covenants and agrees to hold the Town of Scarborough and its employees, agents, and officials harmless from loss and damage due to claims from personal injury and/or property damage arising from or in connection with operations under this Contract. Except as otherwise stated, the amounts of such insurance shall be for each policy not less than:

1. For liability, for bodily injury, including accidental death \$400,000 on account of one occurrence and \$400,000 aggregate limit.
2. For liability for property damage \$400,000 on account of any one occurrence and \$400,000 aggregate limit.
3. An umbrella policy in the amount of \$400,000 covering the underlying policies. All policies shall be so written that the Purchasing Agent's office of the Town of Scarborough will be notified of cancellation or restrictive amendment at least thirty (30) days prior to the effective date of such cancellation or amendment. A certificate from the Contractor's insurance carrier showing at least the coverage and limits of liability specified above and expiration date shall be filed with the Town before operations may begin. Certificates shall make no claims against the Town of Scarborough or its officers for any injury to any of his officers or

employees for damage to his trucks or equipment arising out of work contemplated by this Contract. The Contractor agrees to hold the Town harmless from any claims so made and to indemnify the Town, its officers, employees, agents, and servants from all claims legal or equitable, including court costs and reasonable attorney's fees arising out of the operation of the contract.

AUTOMOTIVE LIABILITY INSURANCE:

Automotive Liability Insurance with a minimum limit of liability for bodily injury in the amount of \$400,000 for each occurrence and minimum limit of liability for property damage in the amount of \$50,000 / \$100,000 aggregate.

Failure to supply satisfactory proof of insurance within the time required will cause the Town to declare the bidder non-responsible and to reject the bid.

BRAND AND MODEL OFFERED: Specifications may contain certain brand names that may or may not be proprietary. Bidders are encouraged to propose their company's approved alternate to such items and list them accordingly. The Town will **not** disqualify a bid if it offers items not specific but meet minimum requirements to the Town's Bid Specifications.

ANNOTATED LITERATURE: Bidders must annotate their product literature to identify for the Town the location of the supporting information regarding each product specification set out in this ITB.

SUPPORTING INFORMATION: The Town strongly desires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made, by the Purchasing Agent that the product offered meets the ITB specifications and that other requirements of the ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the Town reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the Town and may include the requirement that a bidder will provide a sample product(s) so that the Town can make a first-hand examination and determination.

FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER: Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

NEW EQUIPMENT: Equipment offered in response to this ITB must be new equipment. New equipment means equipment that is currently in production by the manufacturer and is still the latest model, edition or version generally offered. The equipment must be warranted as new by the manufacturer and may not have been used for any purpose, other than display (not demonstration), prior to its sale to the Town. The Town will not accept remanufactured, used, or reconditioned equipment. It is the contractor's responsibility to ensure that each piece of

equipment delivered to the Town complies with this requirement. A contractor's failure to comply with this requirement will cause the Town to seek remedies under breach of contract. The Equipment offered must have been for sale to the general public for a period of not less than five years.

ACCESSORIES: When accessories are supplied, they must be certified to be compatible with the rest of the equipment. Certification will be written evidence satisfactory to the Town that the accessories are compatible. The bidder's failure to supply this evidence within the time required by the Town will cause the Town to consider the bid non-responsive and reject the bid.

INSPECTION: Equipment offered will be subject to inspection and approval by the Town prior to payment. The equipment and attachments must be in good repair and capable of performing the work for which they were designed.

ALTERATIONS: The awarded bidder must obtain the written approval from the Purchasing Agent prior to making any alterations to the agreed upon specifications (post-award) contained in this ITB or subsequent Contract. The Town will not pay for alterations that are not approved in advance and in writing by the Town.

DISCONTINUED ITEMS: In the event an item is discontinued by the manufacturer during the life of the contract, another item may be substituted, provided that the Purchasing Agent makes a written determination that it is equal to or better than the discontinued item and provided that it is sold at the same price or less than the discontinued item.

ITEM UPGRADES: The Town reserves the right to accept upgrades to models on the basic contract when the upgrades improve the way the equipment operates or improve the accuracy of the equipment. Such upgraded items must be at the same price as the items in the basic contract.

DELIVERY: Indicate, in the space provided under "Bid Schedule", the time required to make delivery after the receipt of an order.

F.O.B. POINT: The F.O.B. point for all items purchased under this bid is the final destination within the Town of Scarborough. **Ownership of and title to the ordered items remains with the contractor until the items have been delivered to their final destination and are accepted by the Town.**

PARTS BOOKS AND MAINTENANCE MANUALS: Parts books and maintenance manuals must be provided at the same time that the equipment is delivered, preferably in Electronic Version (CD, PDF, etc.). The cost of the parts books and maintenance manuals is to be included in the bid price of the equipment.

CONTINUING OBLIGATION OF CONTRACTOR: Regardless of the terms and conditions of any third-party financing agreement, the contractor agrees that none of its responsibilities under this contract are transferable and that the contractor alone will continue to be solely responsible until the expiration date of the contract. Such responsibilities include, but are not limited to, the provision of equipment, training, warranty service, maintenance, parts and the provision of consumable supplies. By signature on this ITB the bidder acknowledges this requirement and indicates unconditional acceptance of this continuing obligation clause.

WORKMANSHIP & MATERIALS: All work must be performed in a thorough and workmanlike manner and in accordance with current industry practices. The contractor will be held responsible for the quality of the finished item. The Town will reject any item that does not meet the agreed upon specifications of the ITB (post award). Rejected items will be returned to the contractor at the contractor's risk and expense.

METHOD OF AWARD: Award will be made to the lowest responsive and responsible bidder as noted below (**EVALUATION CRITERIA**). The Town of Scarborough reserves the right to accept or reject any or all bids should it be deemed in the best interest of the Town, waive any minor discrepancies or technicalities and the right to inspect the equipment prior to delivery. As stated earlier, final purchase will be based on approval of this request in the Town's FY2010 Capital Equipment request.

EVALUATION CRITERIA: The Town intends to evaluate each bid based on the following specifications. The bid which meets these specifications best will be the lowest, most responsive, responsible bid. Alternate proposals to the specifications listed below should be noted so that the Town may make a fair assessment of the bid. **ALTERNATE SPECIFICATIONS WHICH ARE CLEARLY STATED WILL NOT DISQUALIFY A BIDDER.**

INVOICES: Invoices must be sent directly to the Town address shown on the individual Purchase Order, Contract Award or Delivery Order. Payment schedule will be determined with the winning bidder. Questions concerning payment must be addressed to the Town of Scarborough's Accounts Payable Department.

CONTRACT CANCELLATION: The Town reserves the right to cancel the contract at its convenience by giving written notice to the contractor. The Town is liable only for payment in accordance with the payment provisions of this contract for services or supplies provided before the effective date of termination.

The Town of Scarborough reserves the right to accept or reject any and all bids when it is deemed in the best interest of the Town.

ADDITIONAL INFORMATION:

ALL inquiries or requests concerning this Invitation to Bid shall be made in writing and must be received before the close of business on June 17th, 2011 to the Attention of Kim Massa, Purchasing Admin Assistant by fax (207 730-4167) or email to kmassa@ci.scarborough.me.us. The Town is not responsible for oral interpretations given by any Town employee, representative or other.

- g. Oil Seals: Oil lubricated & bearings _____

V. CHASSIS

- a. Wheelbase: Wheelbase 177, cab to axle 102, usable CA:102, axle to frame 63 _____
- b. Frame: Rails heat-treated alloy steel (120,000) psi yield, 146" through 195" WB with 92" maximum AF _____
- c. Reinforcement. Outer "C" channel HTAS (120,000 yield strength) with a min. 10 3/4" x 3.1/2" x 5/16", 146" through 195" WB with 92" maximum AF _____
- d. Minimum Frame Spec: Section Modulus of 29.0 cubic inches, RBM minimum of 3,000,000 in lbs _____
- e. Reinforcement rear inner: Min of 6 cross members _____
- f. Frame Fasteners: Flange-headed, fine-threaded, all bolted frame construction, hot bolts are acceptable _____
- g. Frame Front: Integral 20 "front frame extensions for snow plow, pct. Applications, both inner and outer _____
- h. Air Dryer: Spin-on type. Bendix AD IS with heater _____
- i. Air Brake ABS: Bendix antilock brake system, 4-channel with Trailer tractor protection, 4 channel trailer programming connections, hand valve in cab, Air Plumbing to rear of truck for glad hands _____
- j. Fuel Lines: Full circle, clipped to frame _____

THIS PAGE MUST BE INCLUDED WITH ANY ALTERNATE PROPOSAL(S) NOTED CLEARLY

k. Battery Box: covered & shielded from road hazards. Steel frame mounted, right side under cab to clear rear wing support. _____

l. Bumper: Front steel swept back _____

VI. PREMIUM CAB (OSHA RATED CAB FOR NOISE SUPPRESSION)

a. Premium Interior _____

b. Hood: To tilt a minimum of 7°, fiberglass, for easy access to fluid checks _____

c. Seats: (2) Air suspension cloth seats with adjustable lumbar supports, with tilting backs. Armrest (adjustable) to be provided with driver's seat for right arm _____

d. Breakaway Mirrors: **Heated**, 7.44x14.8 Convex, **Heated** spot mirrors on mirror head _____

e. Sun Visors: Both sides of cab interior _____

f. Paint: Multi-layer urethane finish with substrata (2) primer, (3) pigment color, (4) clear coat, Forest Green in color _____

g. Door: Door & Frame of door single piece of steel, door to allow a 60° opening _____

h. Cab Material, outer: Double-sided galvanized steel coated, primer-dipped cab _____

i. Arm rests: On both doors _____

J. Cab Material, inner: Vinyl & cloth, sound-deadening. Cab sound insulation dash & engine cover insulators _____

k. Air conditioner with integral heater & defroster. Air conditioner to come with protection system _____

l. Power Windows, left & right, with driver's side passenger control _____

m. Power Door Locks, left & right _____

n. Electrical Panel: Circuit breakers manual reset (main panel). Sac-type III with trip indicators to replace all fuses except fuses of 5 amps or less _____

o. Wiring: To be color coded with waterproof positive, lock-snap connectors sealed from water & road film _____

p. Radio: am/fm stereo/CD with weather band; 4-channel minimum of 15 watts with electronic tuning and clock, multiple coaxial speakers _____

q. Color: Interior – gray, Exterior – Dark Green [IH CODE 5F79] _____

r. Gauges: English speedo with tachometer for air brake chassis. Dual air pressure gauge, oil pressure gauge, water temperature gauge, voltage gauge _____

s. Wipers, electric cowl mounted with intermittent feature _____

t. Heater: Water-type with defroster. Best HD model, 40,000 BTU _____

u. Horns: (1) Air single pedestal mount under Hood _____

v. Seat Belts: (2) 3-point lap and shoulder belts _____

w. Junction Block: To be located in cab for tail lamps, turn signals, backup, key switch, controlled circuits _____

x. Oil & Coolant: To have high coolant temp light and alarm. Same electronic system for low oil _____

aa. Trailer connection: ABS 7-way plug, mounted on rear of frame, Air brake plumbing to rear for glad hands, Trailer hand brake lever in cab, with tractor protection valve. _____

bb. Lighting: **LED**, Tail, Markers, Brake & Turn _____

cc. Switch, body circuits, mid for bodybuilder with 6 switches in instrument panel; one power module with 6 channel, 20 amp max. per channel, and 80 amp max. output. Switches control the power module through multiplex wiring, mounted battery box back of cab _____

dd. Wiring for body builder installation of pto controls _____

THIS PAGE MUST BE INCLUDED WITH ANY ALTERNATE PROPOSAL(S) NOTED CLEARLY

- ee. Backup Alarm with 102dba shall be activated whenever the vehicle is in reverse gear _____
